- Ice cream
- Medicine/vitamin/diet supplements

PLEASE CHECK FIRST IF WANTING TO DONATE:

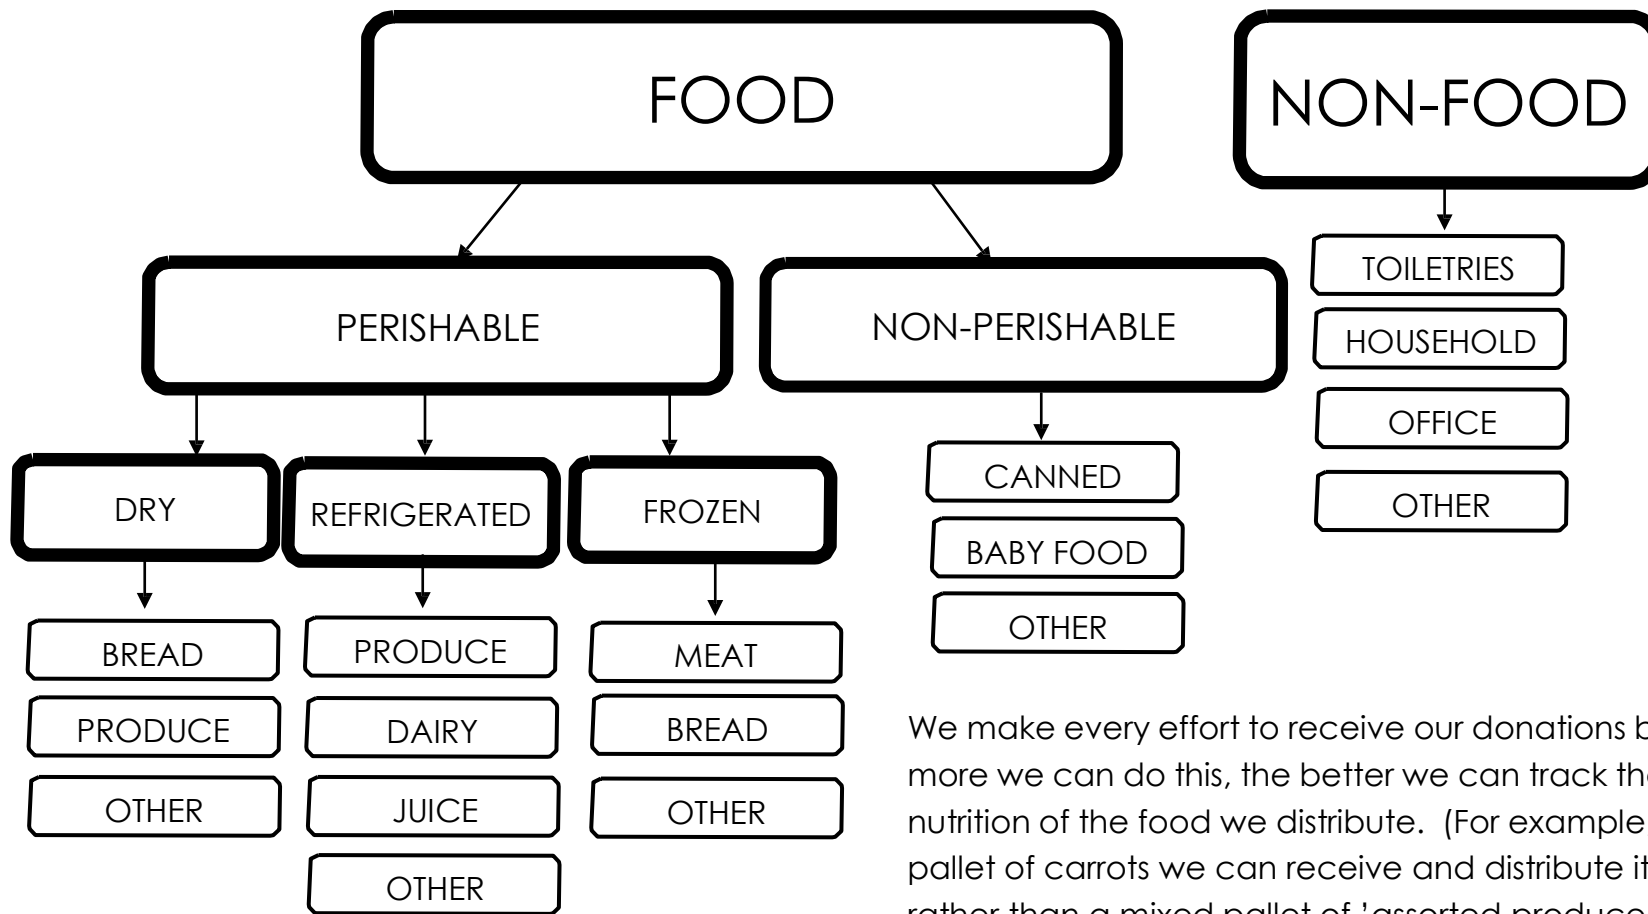

- Gallon+ sized items or other bulk-sized (20+ lb) items

SORTING DONATIONS

We appreciate any efforts you can make to help keep donations sorted so they are ready to be received, stored, and distributed.

We make every effort to receive our donations by item — the more we can do this, the better we can track the quality and nutrition of the food we distribute. (For example, if we have a pallet of carrots we can receive and distribute it as 'carrots,' rather than a mixed pallet of 'assorted produce.')
